7. Supply Services shall forward to the Director a summary of the procurement and recommend award of contract to the supplier meeting all mandatory requirements and providing best value as stipulated in the Request for Proposal.
8. The Director or Supply Services on behalf of the concerned Director may award a contract of \$750,000 or less emanating from a Request for Proposal provided that (2014-443, 2025-33):

  - (b) the award is made to the supplier meeting all mandatory requirements and providing best value as stipulated in the Request for Proposal,
  - (c) Supply Services is in receipt of a funded requisition, and
  - (d) the provisions of this by-law are followed.

11. The Director shall follow the provisions of Section 31 regarding the award of contract using an agreement or Purchase Order.

  - (a) one or more clients repetitively order the same goods or services and the actual demand is not known in advance, or
  - (b) a need is anticipated for a range of goods, services and construction for a specific purpose, but the actual demand is not known at the outset, and delivery is to be made when a requirement arises.
2. Supply Services shall establish and maintain Standing Offers that define source and price with selected suppliers for all frequently used goods or services.
3. To establish prices and select sources, Supply Services shall employ the provisions contained in this by-law for the acquisition of goods, services and construction.
4. More than one supplier may be selected where it is in the best interests of the City and the bid solicitation allows for more than one.
  - (a) In circumstances where competition results in a large number of offers from vendors, which offers exceed the needs of the City, Supply Services is authorized to approach the highest ranked vendors to negotiate lower unit rates for the goods or services in return for a reduction in the number of firms authorized to provide the goods or services or the offer of a firm contractual commitment by the City. (2008-427)
5. Where purchasing action is initiated by a Department for frequently used goods or services for which a standing offer is in place and the value of the purchasing action exceeds \$4,000, it is to be made with the supplier or suppliers listed in the Standing Offer. (2006-276, 2010-291, 2014-443, 2025-33)
6. In a Request for Standing Offer, the expected quantity of the specified goods or services to be purchased over the time period of the agreement will be as accurate an estimate as practical and be based, to the extent possible, on previous usage adjusted for any known factors that may change usage.
7. A call-up against a standing offer is considered to be an individual contract, and the normal contract award prescribed limits apply, unless otherwise stated in the original approval document.
8. Despite subsection (7) and Section 17, City staff, as designated by the Chief Procurement Officer, may issue call-ups to a maximum of \$150,000 from a standing offer provided that the purchase is properly authorized by the Director, is consistent with the intent, terms, specifications and conditions of the standing offer and all other requirements of this by-law are complied with. (2003-373, 2004-565, 2014-443, 2017-362)
9. A call-up against a standing offer may be made in an amount to a maximum of \$150,000 and exceptions to this maximum amount may be made by Supply

Services, where it is of the opinion that there is a financial advantage to be achieved by the City.

**Section 22 – Non-Competitive Purchases**

1. Subject to section 5(6)(c) and section 17(6), the requirement for competitive bid solicitation for goods, services and construction may be waived under joint authority of the appropriate Director and Supply Services and replaced with negotiations by the Director and Supply Services under the following circumstances (2025-33):
  - (a) where competition is precluded due to the application of any Act or legislation or because of the existence of patent rights, copyrights, technical secrets or controls of raw material,
  - (b) where due to abnormal market conditions, the goods, services or construction required are in short supply,
  - (c) where only one source of supply would be acceptable and cost effective,
  - (d) where there is an absence of competition for technical or other reasons and the goods, services or construction can only be supplied by a particular supplier and no alternative exists,
  - (e) where the nature of the requirement is such that it would not be in the public interest to solicit competitive bids as in the case of security or confidentiality matters,
  - (f) [REPEALED – 2025-33]
  - (g) [REPEALED – 2025-33]
  - (h) where the total estimated project cost for professional services does not exceed \$100,000, (2001-72, 2025-33)
  - (i) where the requirement is for goods, services or construction for which there exists a statutory monopoly, (2025-33)
  - (j) where additional deliveries by the original supplier of goods or services that were not included in the initial procurement if a change of supplier for such additional goods or services:
    - i. cannot be made for economic or technical reasons such as requirements of interchangeability or interoperability with existing equipment, software, services or installations procured under the initial procurement; and
    - ii. would cause significant inconvenience or substantial duplication of costs. (2021-26)
  - (k) for goods and services, where the supplier is a social enterprise owned by a non-profit organization or registered charity. (2021-344)
2. When a Director intends to select a supplier to provide goods, services or construction pursuant to subsection 22(1) that exceeds \$25,000 in value, Supply Services is to be advised in writing of the compelling rationale that warrants a noncompetitive selection for approval. (2025-33)

3. The supplier in whom the Director and Supply Services have the greatest confidence to fulfill the requirement and provides for fair market value shall be selected.
4. The Director and Supply Services may jointly award a contract emanating from negotiations, including that for which no competitive bids were solicited, provided that:
  - (a) the funds are available in appropriate accounts within the Departmental estimates approved by Council including authorized revisions to meet the proposed expenditure, (2014-443)
  - (b) the amount of the contract does not exceed \$125,000 except in the case of goods, services or construction for which there exists a statutory monopoly, (2025-33) and
  - (c) the Director and Supply Services are both satisfied the contract represents fair market value.
5. Non-competitive awards require General Manager and Supply Services approval where greater than \$125,000. (2004-565, 2017-362, 2025-33)
6. The Director shall follow the provisions of Section 31 regarding the use of an agreement or Purchase Order.
7. Any non-competitive contract that does not satisfy the provisions of subsection (1) is subject to the City Manager's approval.
8. Despite any other provision of this by-law, the Director Infrastructure Services (2010-291, 2017-362) and Supply Services may jointly award a contract for which no competitive bids were solicited provided that,
  - (a) the contract is to complete outstanding works in approved plans of subdivision or site plans, and
  - (b) the City holds sufficient funds as security to complete the works or the subdivision or site plan agreement contains provisions to recover the costs from the developer.
9. The relevant details surrounding the application of subsections (1) and (8) shall be included in the report submitted to Council pursuant to Section 39. (2006-276)

### **Section 23 – Non-Competitive Special Circumstance Purchases (2025-33)**

1. When a Director is of the opinion that a "Special Circumstance" to warrant a non-competitive purchase exists, the Director may authorize the purchase of such goods, services and construction as is considered necessary to remedy the situation without regard to the requirement for a bid solicitation and may award the necessary contract provided that the contract does not exceed \$125,000. (2025-33)
2. Where the extent or the severity of the "Special Circumstance" to warrant a sole source purchase is such that the expenditure is likely to be in excess of \$125,000, the General Manager may award the necessary contracts for the purchase of such

goods, services and construction as is considered necessary to remedy the situation without regard to the requirement for a bid solicitation provided that the City Manager is satisfied that adequate funds may be appropriated from accounts within the Council approved estimates. (2004-565, 2025-33)

3. The relevant details surrounding the application of subsection 23(1) and (2) shall be included in the report submitted to Council pursuant to Section 39.

#### **Section 24 – Follow-On Non-Competitive Contracts**

1. Where a reasonable likelihood exists that, on completion of a Contract, it will be necessary to award a follow-on Contract for goods or services to the existing supplier, Supply Services shall ensure that the possibility of a follow-on Contract will be identified in the original bid solicitation. (2008-427)
2. All requests for Proposal documents for Professional Services shall include wording that the hourly, per diem or other unit rates offered by the proponent will apply for the initial Contract award and any follow-on Contract. (2008-427, 2025-33)

#### **Section 25 – Unsolicited Proposals**

1. Unsolicited Proposals received by the City shall be reviewed by the Director and Supply Services.

#### **Section 26 – Contract Without Budgetary Appropriation**

1. Where a requirement exists to initiate a project for which goods, services or construction are required and funds are not contained in appropriate accounts within the Council approved branch estimates to meet the proposed expenditure, the Director shall, prior to the commencement of the purchasing process, submit a report to Council containing:
  - (a) information surrounding the requirement to contract,
  - (b) the terms of reference to be provided in the contract, and
  - (c) information on the availability of the funds within existing estimates, which were originally approved by Council for other purposes or on the requirement for additional funds.

## **Section 27 – Bid and Contract Administration**

1. Bids shall only be accepted in electronic form as stipulated in the procurement solicitation document, ensuring confidentiality and security including maintaining the “sealed” nature of bids as long as necessary where required. Bids will only be accepted by facsimile or paper form when so stipulated in the procurement solicitation document, and subject to Supply Services having in place appropriate arrangements for receipt thereof. (2006-276, 2023-004)

## **Section 28 – No Acceptable Bid or Equal Bids**

1. Where bids are received in response to a bid solicitation but exceed budget, are not responsive to the requirement or do not represent fair market value, a revised solicitation shall be issued in an effort to obtain an acceptable bid unless subsection 28 (2) applies.
2. The Director and Supply Services jointly may waive the need for a revised bid solicitation and enter negotiations with the lowest responsive bidder or the highest responsive bidder for a revenue-driven bid selection emanating from a bid solicitation under the following circumstances:
  - (a) the total cost of the lowest responsive bid is in excess of the funds appropriated by Council for the project or the Departmental highest responsive bid revenue is less than that made in appropriate accounts in the Council approved Departmental estimates, (2014-443) and
  - (b) the Director and Supply Services agree that the changes required to achieve an acceptable bid will not change the general nature of the requirement described in the bid solicitation.
3. The method of negotiation shall be those accepted as standard negotiating procedures that employ ethical practices.
4. In the case of building construction contracts, where the total cost of the lowest responsive bid is in excess of the appropriation made by Council, negotiations shall be made in accordance with the guidelines established by the Canadian Construction Documents Committee.
5. If two equal bids are received, a means of breaking the tie consistent with the provisions of the solicitation shall be employed.
6. Factors to be considered in breaking the tie include:
  - (a) prompt payment discount,

2. In addition to the security referred to in Subsection 29(1), the successful supplier may be required to provide,

  - (c) comply with provincial statutes and regulations.
7. Financial bonds for contract performance shall only be required where the City will be exposed to costs if the contractor does not complete the requirements of the contract.
8. If the risk to the City is not adequately limited by the progress payment provisions of the contract, a minimum payment holdback of 10% shall be mandatory on all contracts exceeding \$50,000. (2025-33)

9. Supply Services may release the holdback funds on construction contracts upon:

For agreements not deemed significant, the Director may elect to proceed with finalizing the agreement without a comprehensive legal review. (2004-565, 2016-374, 2021-26, 2025-33)

2. Where the possibility of a Best and Final Offer (BAFO) phase has been introduced in the procurement solicitation document, the City may invite two or more of the highest rated short-listed firms to take part in the BAFO phase where each firm will be given the opportunity to improve on their initial bid or proposal.

#### **Section 44 – Substantive Compliance**

1. Supply Services is authorized to include a clause in competitive bid solicitations permitting the award of a contract to a low bidder where, in the sole opinion of Supply Services and the Director, although the specifications are not technically met, the vendor response is substantively compliant or the non-compliance of the response is immaterial to meeting the performance outcome.

#### **Section 45 – Vendor Initiative**

1. After the procurement process is complete and a Contract has been awarded, the City will permit the successful vendor to propose operational or strategic improvements that result in cost savings which cost savings do not, in the opinion of the Director, have a negative impact on service delivery.
2. Approval of an operational or strategic improvement is conditional upon the vendor quantifying the cost savings and agreeing to share the cost saving equally with the City.
3. Any approval pursuant to subsections (1) and (2) will be recorded in the contract file and a revised purchase order will be prepared. (2008-427)

#### **Section 46 – Comprehensive Complaints Process**

1. The Chief Procurement Officer and/or the City's contact person identified in a procurement process will be the only official points of contact for a complaint.
2. Bidders shall not contact either elected representatives or other staff regarding the complaint when the comprehensive complaints process is engaged.
3. The City's Comprehensive Complaints Process consists of four phases as follows:

- (a) Phase One: Mandatory Bidder Debriefing:
- i. Within five business days from the date upon which a bidder is informed that they have not been selected as the winning bidder, an unsuccessful bidder has the right to submit a written request for a formal debriefing from the contract authority responsible for the procurement at issue.
  - ii. The City commits to providing a formal debriefing within five business days of having received such a request.
  - iii. The purpose of the mandatory debriefing is to provide an unsuccessful bidder with an opportunity to learn why their bid was not selected for contract award.
  - iv. If the bidder remains dissatisfied after the debriefing, the bidder has an additional ten business days to prepare and file a formal complaint.
  - v. The City will not consider a formal complaint from an unsuccessful bidder if they have not first sought and attended a bidder debriefing.
- (b) Phase Two: Preliminary Screening:
- i. A formal complaint must be made in writing and addressed to the Chief Procurement Officer.
  - ii. The complaint should contain the identity of the complainant and the procurement process at issue as well as a clear and detailed statement of the legal and/or factual grounds upon which the complaint is based.
  - iii. The complaint should also include, as attachments, any information or documents relevant to the complaint that are in the bidder's possession.
  - iv. The formal complaint is an unsuccessful bidder's sole opportunity to present their case, and should therefore be drafted accordingly.
  - v. Within ten business days of having received a formal complaint, the Chief Procurement Officer will determine whether or not it discloses a reasonable indication that the procurement was not carried out in accordance with the City's procurement policies and/or the terms of the procurement process. (2014-443)
  - vi. Unless it will undermine the City's best interests, final approval and the awarding of the contract shall be postponed pending the outcome of the complaint process. This suspension may be set aside, and final approval for the awarding of a contract may be given, at any time in the complaints process if it is in the City's best interests to do so.
  - vii. If the Chief Procurement Officer concludes that the complaint does not disclose credible information to indicate that a breach of the terms of the procurement process or City policies has occurred, no further review of the complaint will take place and the contract shall be awarded in accordance with this By-law.
  - viii. If the complaint is found to disclose a reasonable indication that the procurement was not carried out in accordance with the City's policies or the terms of the procurement process, the Chief Procurement Officer will take such necessary action to bring the solicitation back into compliance, which may include the cancellation of the solicitation, or the suspension or cancellation of the bid award. If the issue cannot be resolved appropriately, the Chief Procurement Officer will then refer the

matter to a Review Panel, as provided in clause (c), “Phase Three”. (2014-443).

(c) Phase Three: Formal Review:

- i. Where the Chief Procurement Officer has received a complaint that discloses a reasonable indication that the procurement at issue was not carried out in accordance with the City’s procurement policies and/or the terms of the procurement process, it is to be considered by a Review Panel comprised of the Chief Procurement Officer, the City Solicitor (or a designated lawyer from the Legal Services), a representative from the Auditor General’s office and the Fairness Commissioner if applicable. (2021-26)
- ii. The Review Panel after considering the complaint will provide a report to the Finance and Corporate Services Committee setting out its recommendation for how the complaint should be dealt with. (2014-443, 2025-33)
