## West Sector Evaluation Process

Considerations for the West Sector (Empress to Bay Street) include:

1. Simplifying a complex road pattern for all users;
2. Extending the downtown realm by connecting the Core Area and LeBreton Flats;
3. Considering adjacent developments and future land development potential;
4. Ability to match with design configuration for the core section; and
5. Modifying existing grades to be accessible.

Alternatives considered for the West Sector were carried forward through a screening and detailed evaluation process:
