

# Appendix B: List of Supporting Technical Studies

## Technical Studies supporting the Infrastructure Master Plan (2024):

- 1) Best Practices Review, Management of Infrastructure Capacity in Intensifying Neighbourhoods  
WSP, 2021
- 2) City-wide Flood Risk Profile  
City of Ottawa, 2020
- 3) Climate Change Vulnerability and Risk Assessment - Water Services  
WSP, 2023
- 4) Water Purification Plants Comprehensive Development Plan  
Jacobs, 2022
- 5) Water Master Plan  
Stantec, 2024
- 6) Wastewater Master Plan  
G.M. Blueplan, 2024
- 7) Stormwater Management Strategy  
Stantec/WSP, 2023
- 8) Rural Servicing Master Plan Update  
Parsons, 2024
- 9) Conceptual Servicing and Stormwater Management Analysis – Low-Rise Housing  
Stantec, 2021
- 10) Wastewater Program Development for Intensification  
G.M. BluePlan, 2023
- 11) Intensification Stormwater Capacity Management Report  
WSP, 2023
- 12) Illustration of Stormwater Management Planning and Design Guidelines for Intensification  
J.L. Richards, 2023
- 13) On-site Stormwater Management Implementation Plan Report  
Parsons, 2024
- 14) Stormwater Pilot Area Study  
J.L. Richards, 2023
- 15) Funding Considerations for Intensification-Specific Projects  
Hemson, 2023
