B. Brief Project Description The City of Ottawa has completed the Planning and Environmental Assessment Study of Kanata North Transitway (6.5 km) along March Road which traverses through the communities in Kanata North. It will be a median Bus Rapid Transit (BRT) facility which will link to the West Transitway in the vicinity of Highway 417/March-Eagleson interchange and includes eight transitway stations, two Park and Ride facilities and two new underpass structures. This corridor was identified in City's Transportation Master Plan (TMP) as BRT facility. Upon implementation, it will promote transit-oriented development and encourage transit use. It will also offer opportunities for compact, mixed-use development in the vicinity of the stations. The City of Ottawa TMP (2013) update indicates that the construction of the Kanata North Transitway is expected to occur in phases.
