A SERVICE TO INSURERS AND MUNICIPALITIES

c/o Verisk.

May 16th, 2024

## RECOGNITION FOR FIRE INSURANCE GRADING RECEIVED

City of Ottawa

### Superior Tanker Shuttle Service (STSS) – Re-Accredited

I am pleased to advise you that the above-mentioned fire protection district within the province of Ontario was recently registered in the fire insurance grading index as being accredited for the delivery of Superior Tanker Shuttle Service (STSS).

The requirements for this accreditation are stringent and verify that the fire protection district is capable of delivering the minimum accepted fire flows to detached dwellings throughout the fire protection district and within 8 kilometres by road of the responding fire station. This accreditation is an equivalency to the minimum requirements for hydrant protection as set out by the insurance industry and the Fire Underwriters Survey.

Fire Underwriters Survey has provided information on fire protection and risk levels to the insurance industry in Canada since 1883. Fire Underwriters Survey was previously operated under the auspices of the Insurers Advisory Organization, CGI, and SCM; however, is now operated by Verisk.

Should you have any questions or concerns related to the Fire Underwriters Survey (FUS), the Superior Tanker Shuttle Service (STSS) Accreditation process or any other related area, please contact the offices of Fire Underwriters Survey (FUS) for further information.

Please note that this accreditation expires on May 16th, 2029, with a residential flow rate of 220 IGPM (1,000 LPM) and is valid for the following fire stations:

- Gloucester Fire Station 32
- Kanata Fire Station 41
- Nepean Fire Station 43
- Kanata Fire Station 45
- Stittsville Fire Station 46
- Orleans Fire Station 53
- Kinburn Fire Station 61
- Fitzroy Harbour Fire Station 62
- Woodlawn Fire Station 63
- Carp Fire Station 64
- Dunrobin Fire Station 66
- Navan Fire Station 71
