

Minimum Distance Separation (Section 62)

62. (1) The development of new livestock operations or the expansion of existing livestock operations must comply with the minimum distance separation formulae of the Province of Ontario Ministry of Agriculture and Food. The minimum distance separation is applied between a livestock operation and another land use in order to minimize the impact of odours emanating from the livestock facility.
- (2) New development in proximity to existing livestock operations must also comply with the minimum distance separation formulae.
- (3) Despite subsection (2), development is permitted for one **detached dwelling** on a vacant lot in existence as of the date of adoption of this by-law provided that the dwelling is located the furthest distance possible from the livestock operation and that the applicable zones setback provisions are complied with.
