Multi-Use Crossing of the O-Train Corridor near Hickory Street Class Environmental Assessment

Notice of Study Completion

The City of Ottawa has completed an Environmental Assessment (EA) Study for a new pedestrian and cycling crossing of the O-Train corridor between Carling Avenue and Beech Street. This crossing near Hickory Street will connect Champagne Avenue on the west side of the O-Train corridor to the existing multi-use pathway on the east side of the O-Train corridor.

The project was undertaken in accordance with the requirements for Schedule B projects under the Municipal Class Environmental Assessment (2007) document. A Project File has been prepared and is available for a 30 day review at the following locations:

City Hall Client Service Centre
110 Laurier Avenue West
Ottawa, K1P1J1

Main Public Library
120 Metcalfe Street
Ottawa, K1P5M2

Rosemount Public Library
18 Rosemount
Ottawa, K1Y1P4

Interested persons may provide written comments to the City of Ottawa on the proposal by Thursday January 24, 2013. Comments should be directed to:

Robert Grimwood, P.Eng.
Senior Project Manager, Sustainable Transportation
City of Ottawa
110 Laurier Avenue West
Ottawa, ON K1P 1J1
Tel: (613) 580-2424 ext. 28757
Fax: (613) 580-2578
E-mail: Robert.Grimwood@ottawa.ca

If no requests are received, the project may proceed to design and construction as presented in the Project File. Any information or comments received pertaining to this Environmental Assessment study (including your name and address), form part of the public record and may be disclosed/made available by the City to such persons as the City sees fit, including anyone requesting such information. Accordingly, in providing any such information, you shall be deemed to have consented to its use and disclosure as part of this planning process.
