

BINGO

Directions: Hand out one bingo card to each player and designate one person as the Caller.

The Caller uses the randomly generated Call List sheet to call out election-related words. The Caller can also cut out each square on the Call List sheet and place them into a bag to pull the words randomly.

Players mark an X each time a word they have on their bingo card is called. The first player to get a complete line of five called words horizontally, diagonally, or vertically, yells "BINGO" and wins.

CALL LIST

Use this randomly generated list as your call list when playing the game. There is no need to say the BINGO column name. Place some kind of mark (like an X, a checkmark, a dot, tally mark, etc) on each cell as you announce it, to keep track. You can also cut out each item, place them in a bag and pull words from the bag.
