

Land acknowledgement

We recognize that Ottawa is located on unceded territory of the Anishinabe Algonquin Nation.

We extend our respect to all First Nations, Inuit and Métis peoples for their valuable past and present contributions to this land.

We also recognize and respect the cultural diversity that First Nations, Inuit and Métis people bring to the City of Ottawa.

Introductions

Thank you for attending this public information session.

Hosts

City of Ottawa | Owner

- Joseph Lolli, P.Eng., City Project Manager
- Patrick Chamney, P.Eng., City Program Manager

CIMA+ | Design Consultant

- Tim Kennedy, P.Eng., Project Manager
- Nora Hamameh, P.Eng., Project Engineer
- Jaymeson Adams, P.Eng., Engineer

Project scope

- New sidewalks on Delmar Drive
- New sidewalks on Playfair Drive
- Three new speed humps on Playfair Drive
- Localized renewal of storm sewer and sanitary sewer on Delmar Drive with additional drainage improvements in the vicinity of the Delmar Drive and Playfair Drive intersection

Purpose of the project

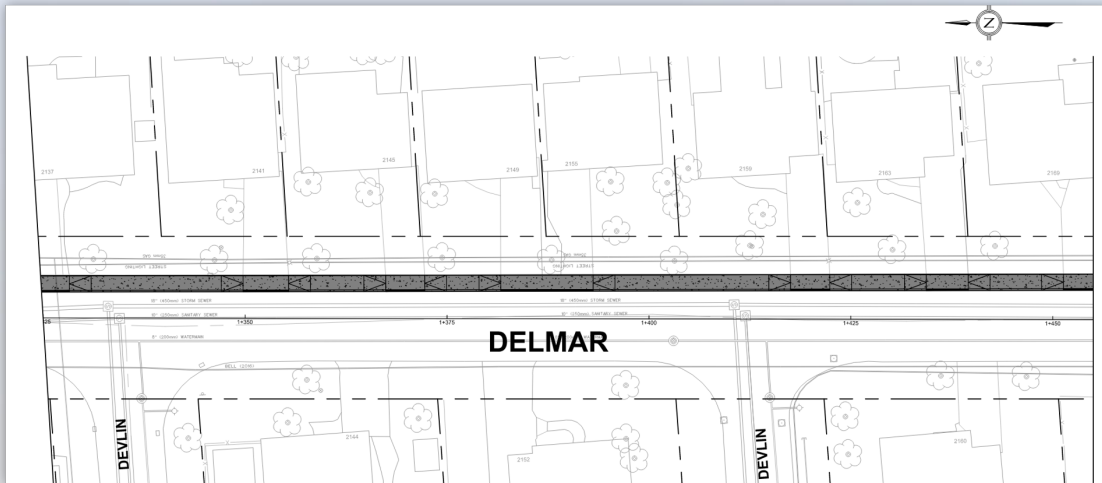

- Construct new sidewalks on Delmar Drive and Playfair Drive to address critical missing links in the City's active transportation networks to improve facilities for pedestrians.
- Renew sewers and modify catch basins on Delmar Drive where required in proximity to the Playfair Drive intersection due to existing flooding concerns and to improve drainage.
- Implement speed humps on Playfair Drive following a traffic calming review and public consultation that was complete by the City's Neighborhood Traffic Calming program.

New sidewalks on Delmar Drive

- Approximately 400 metres of concrete sidewalk along the east side of Delmar Drive.
- Limits: from the existing sidewalk northeast of Beattie Avenue to Kilborn Avenue..

Preliminary design of the new sidewalks on Delmar Drive

New sidewalks on Playfair Drive

- Approximately 330 metres of concrete sidewalk along the north side of Playfair Drive.
- Limits: from the existing sidewalk fronting Playfair Park to Delmar Drive.

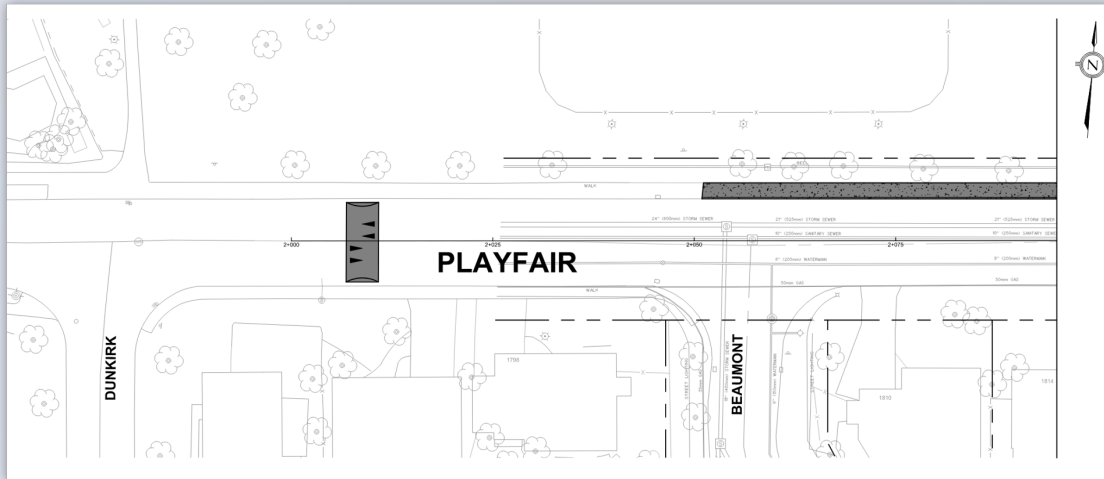

New speed humps on Playfair Drive

- Three new speed humps on Playfair Drive between Dunkirk Crescent (east) and Delmar Drive.

Preliminary design of the new sidewalks and speed humps on Playfair Drive

Localized sewer renewals and drainage improvements on Delmar Drive

- Renewal of storm sewer and sanitary sewer on Delmar Drive.
- Drainage improvements in the vicinity of the intersection of Delmar Drive and Playfair Drive.
- Limits: between the intersections of Playfair Drive and Beattie Avenue.

Project timing

Design: underway

Construction start: summer 2024

Construction end: fall 2024

Future work: road resurfacing on Delmar Drive planned for 2025
(pending budget approval)

Accessibility and safety

- Accessibility is an important consideration for the City of Ottawa. The City makes every effort to provide access through and around construction sites. If you require a disability-related accommodation, please contact the project team.
- The City of Ottawa is committed to safety in and around project sites. The project team continues to work closely with the industry and to comply with recommendations provided by municipal, provincial and federal health officials, as well as the Ministry of Labour, Immigration, Training and Skills Development.

Thank you!

Thank you for your attendance. We encourage you to provide your comments by **April 29, 2024**, via the [online form](#).

All information/comments received will be maintained on file for use during the design and may be included in design documentation. With the exception of personal information, all comments will become part of the public record.

More information on the project can be found at ottawa.ca/DelmarPlayfair.
