

Ward Boundary Review 2020

To assist residents, stakeholders and Members of Council in ranking the six ward boundary Options, a **Ranking Tool** has been developed. It allows assessment of each Option based on all the components of “[effective representation](#)”. This information will help you think about how each option addresses “effective representation”.

Ranking Tool

Components of “Effective Representation”	Option 1 (25 wards)	Option 2 (24 wards)	Option 3 (23 wards)	Option 4 (23 wards)	Option 5 (17 wards)	Option 6 (24 wards)
Geographic Communities of Interest						
Natural/Physical Boundaries						
Voter Parity						
Minority Interests						
Ward History						
Capacity to Represent						
Geographic Size and Shape of the Ward						
Population Growth
