Traffic And Parking By-law Excerpts

A heavy vehicle means a vehicle having a gross vehicle weight in excess of four and one half (4.5) tonnes.  Small trucks must travel on an established local route, an arterial or a school vehicle route, and are subject to a five (5) tonne or 11,000 lbs. per axle weight restriction during the spring thaw period.

Heavy vehicles are obliged to travel on truck routes until such time the operator needs for (a) make public utility repairs to a public utility structure, (b) perform services requiring the heavy vehicle at premises not adjacent to a truck route; (c) house, store or have the heavy vehicle repaired at.Such deviation from truck routes are limited i.e. made from the point on a truck route nearest by highway distance to the premises referred to above.

Heavy vehicles are obliged to travel on truck routes until such time the operator needs to: (a) make a delivery to a premises not abutting a truck route; (b) perform services requiring the heavy vehicle at premises not adjacent to a truck route; (c) house, store or have the heavy vehicle repaired at a garage or other premises not abutting a truck route; or (d) perform a service for the City of Ottawa. Such deviations from truck routes are limited i.e. made from the point on a truck route nearest by highway distance to the premises referred to above.
