

Rural Exceptions (Section 240)

The provisions of this by-law have been modified for the lands to which the exceptions described in Table 240 have been applied, and are shown on the Zoning Maps by the applicable exception number indicated in square brackets “[x]” in the zone code. The term “multiple” utilized in Column II below indicates an exception that has been applied to several locations. (By-law 2009-302)

As indicated in Section 19, where an exception applies, the provisions imposed by that exception prevail over any other provision in the zoning by-law.
