

## **Snow Disposal Facilities (Section 90)**

90. (1) Where permitted, a **snow disposal facility** must be located at least 200 metres from a residential zone.
- (2) Despite subsection (1), the minimum required 200 metre setback may be reduced to a minimum of 100 metres provided that noise attenuation measures are introduced to mitigate the noise level of the **snow disposal facility** so that it does not become a nuisance to surrounding dwellings.
